

Spectacular homes win architecture awards

Three Nelson architectural designers have claimed titles at the 2015 Resene Architectural Design Awards, which were held on Friday evening.

Four regional awards were presented to the three winning Nelson designers, who are Tony Karsten of Karsten Architectural Design, George Hilgeholt of AWE2010 Ltd and David Todd of David Todd Ltd Architectural Design.

The annual event showcases the most innovative, creative and aesthetic architectural designs around the country, in both residential and commercial sectors. The awards identify stand-out designs in new homes, interiors, alterations and additions, and industrial design.

Architectural Designers New Zealand CEO, Astrid Andersen, said that each year Nelson based designers showcase the stunning natural beauty of the regions, the incredible views, and the appealing lifestyle.

“The Nelson and Marlborough regional entries are always a feast for the eyes – emulating the stunning natural landscape and the relaxed lifestyle,” she says. “Well done to all winners.”

The winners are now eligible for national titles, including the Supreme Architectural Design Award, and will be announced on 30 October.
